Be sure to upload a copy of the game sheet. Ideally a PDF however jpg picture will work. Please be sure that it is legible

Once you submit the information you will receive an email confirmation of the submission.

It is recommended that you add <u>http://district4.myttm.ca/mindex.php</u> to your smart phone. This will provide you with instantaneous minimum suspensions.

Reporting a game served

Once the party has served a game from a suspension go to the "Games Served Information" section on the left side menu input the relevant information TTM will automatically list any suspensions requiring information for games served. Choose the appropriate suspension and follow the steps online

It is imperative that a copy of the game sheet is uploaded in order to verify, if it is not the suspension will stay on the parties profile forever! This may result in a carryover suspension

Once you submit you will get email verification.

Affiliation

TTM is set up for both Specialty 19 and Club affiliation. As the players are entered into the system they will populate the "available players" in the affiliated player section. For Special 19, Teams will need to supply their list to the Association rep, which will ensure that they are uploaded to TTM, after they have been approved by the District Registrar.

TTM has been set up for each league to ensure that the appropriate affiliation type is in place.

For Club affiliation, affiliated players will automatically populate as the team lists are added to TTM. You will only be able to affiliate a player from the District approved levels.

Teams log in through the front page by selecting either competitive or House section. Your password is the same one assigned for Discipline.

For Specialty 19, the player being affiliated must be on your teams list. This list will be populated to TTM once they have been added by the District Registrar

TTM keeps count of each affiliation and notifies the appropriate Association reps of each affiliation. When a player hits 8 affiliations a warning will be submitted to the reps. At 10 the affiliate will no longer be eligible in the database. These numbers are ONLY for league and playoff games. Affiliated players may play in as many, exhibition, tournament games as they wish.
